International Trade Union Confederation
Trade unions on the move for Rio+20
Rio de Janeiro, Brazil, 11-22 June 2012

With just 4 months to RIO+20 the ITUC is calling on all affiliates to mobilize for a more equitable, just and sustainable world.

This is the first in a series of messages we will send to bring you up to date on the plans we have put together for the upcoming UN Conference on Sustainable Development - Rio+20, as well as our own associated event - The Trade Union Assembly on Labour and Environment (11-12 June).

Why is Rio+20 important to trade unions?

It is our belief that this summit must become a moment where our pressure for the world's leaders to take a different direction, a direction towards a truly sustainable economic model, needs to be stronger than ever.

Key demands

The trade unions have three key demands to the Rio Summit:

Green & Decent Jobs
Social Protection Floor

Financial Transactions Tax

Here are the [ITUC proposed amendments](#) to the UN Zero Draft for Rio+20.

The world needs to start acting NOW towards a more sustainable future where neither workers nor the earth and its resources are being exploited.

Actions

The United Nations' Conference on Sustainable Development - Rio+20 will focus on the green economy and the institutional framework for sustainability. It has broadened its agenda to cover other topics, such as social inclusion, energy, employment, etc. In order to make an impact, we will focus on three key dimensions:

1. Influence the Summit's decisions
2. Develop our commitments towards sustainability: The Trade Union Assembly
3. Joint efforts: our campaigns with other allies

What can you do?

Everyone has a role to play to make Rio+20 a success; no matter if you are a government, a labour leader, a community representative or an individual citizen. If you are a union officer, please have a look at our first Rio+20 checklist, with everything we suggest you to do this month, including important logistical information! We need to make sure that all governments are pushing the demands of the workers of the world - and you can help!

Take part in the Week of Action

From 5-9 March 2012, the ITUC will organise a **Lobby Week**, and we ask our affiliates to meet their government, ask them to support our proposals and report back on their responses.
