WHO launches new injection safety policy

PSI calls on affiliates to urge their governments to implement the new WHO policy and develop national policy to ensure full transition to the exclusive use of safety engineered injection devices by 2020. [More](#)

TISA: leaked document reveals secret talks on health “tourism” and privatisation

EU member states discussed the proposal last September at the Geneva TISA negotiations. It suggests an annex on health care services in the TISA that would promote offshoring by facilitating patients' travel abroad to access health services. [More](#)

Unhappy Meal: Unions expose McDonald's tax practices

Fast food and public sector unions from across the Atlantic came together to expose the extent of the tax avoidance practices of fast food giant. McDonald's has avoided over 1 billion Euros between 2009 and 2013. [More](#)

Public Services International is a global trade union federation representing 20 million working women and men who deliver vital public services in 150 countries. PSI champions human rights, advocates for social justice and promotes universal access to quality public services. PSI works with the United Nations system and in partnership with labour, civil society and other organisations.
